Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

ABN: 86 804 771 740

Name of village: Springfield Vista

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The *Retirement Villages Act 1999* requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at <https://www.aveo.com.au/communities/springfield/costs/>
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract – there are different types of contracts and they can be complex
- Find out the financial commitments involved – in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Parks Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement villages. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.qls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs Document, the village by-laws, your residence contract and all attachments to your residence contract for at least 21 days before you and the operator enter into the residence contract. This is to give you time to read these documents carefully and seek professional advice about your legal and financial interests. You have the right to waive the 21-day period if you get legal advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 2 October 2025 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

Residential aged care facilities <i>In addition to those buildings outlined above, it is proposed that a residential aged care facility will be constructed once a partnership with an Aged Care Operator has been finalised. In order to facilitate this, it is intended that the scheme operator will partially surrender the Head Lease in respect of those areas of the village land that are used for residential aged care facilities upon completion of construction of the facilities. If and when this occurs, the land on which the residential aged care facilities are constructed will cease to be part of the village land and the retirement village scheme. The owner of the village land may then</i>

grant a separate head lease (or head leases) to the scheme operator of the residential aged care facilities. At this time it may be necessary for access rights to be granted over the Village land in order to allow access to and from the residential aged care facilities.

3. Ancillary facilities

In addition to the retirement village units and the residential aged care facilities, it is currently intended that some areas in the Village be used for purposes that, in the opinion of the scheme operator, are consistent with and ancillary to, the village use, and health and wellness generally (**Ancillary Facilities**). Uses that are currently under consideration include cafés, a medical clinic, day spa, heated therapy pool and gymnasium. These areas may be progressively sub-leased to third parties by the scheme operator. The scheme operator will be entitled to any income generated from, and will bear any costs (including maintenance and repair costs) related to, the Ancillary Facilities. The scheme operator will make payments into the Maintenance Reserve Fund to fund the maintenance and repair costs. The amount of the payments will be equal to 3.3% of the total budgeted cost, with the remaining 96.7% being the responsibility of residents. The amounts in the budget reflect the resident's proportion of 96.7%.

The proposed locations, areas and estimated completion dates for the Ancillary Facilities are:

- (a) Building E – area of 800m² to be completed at the same timing as the ILA's described above;
- (b) Building I – area of 250m² to be completed at the same timing as the ILA's described above;
- (c) Building J – area of 250m² to be completed at the same timing as the ILA's described above;
- (d) Building F – area of 250m² to be completed at the same timing as the ILA's described above;
- (e) Building D – 75 independent living apartments to be completed at the same timing as the ILA's described above;
- (f) Building G – area of 250m² to be completed at the same timing as the ILA's described above;
- (g) Building K – area of 250m² to be completed at the same timing as the ILA's described above; and
- (h) Building H – area of 250m² to be completed at the same timing as the ILA's described above.

The scheme operator does not guarantee that all or any of the above Ancillary Facilities will be provided. Whether all or any of the above Ancillary Facilities are provided, and the timing of their provision, will depend on whether the scheme operator proceeds with the future development of the village in accordance with the master plan. This will be determined by the scheme operator in its discretion and will be informed by the demand for the accommodation units and the proposed Ancillary Facilities, as well as economic and other factors.

	4. Future development (a) <i>The master plan shows the general location of the proposed buildings.</i> (b) <i>The development of any future buildings in the village may result in temporary inconvenience, including:</i> (i) <i>increased noise, dust or debris, traffic or tradespeople at the Village in connection with building works;</i> (ii) <i>the temporary restriction of access between various parts of the village, including where access to community facilities is diverted; and</i> (iii) <i>the temporary closure of part or all of a community facility that is reasonably required to allow the expeditious progress of the building work.</i> (c) <i>The scheme operator reserves the right to:</i> (i) <i>construct more or less than 680 independent living apartments and 48 serviced apartments or any other different combination of these accommodation units;</i> (ii) <i>alter the number and configuration of the proposed buildings shown on the master plan;</i> (iii) <i>alter the order of development of the buildings;</i> (iv) <i>alter the size, configuration or design of a building or the units in a building;</i> (v) <i>relocate, reconfigure, redevelop, extend and/or improve the community centre/s and other facilities;</i> (vi) <i>subdivide, reconfigure or amalgamate the lots comprised within the retirement village scheme; and</i> (vii) <i>alter the size of the village, by incorporating additional or adjoining land into the retirement village scheme (by way of leasehold or freehold interest) or surrendering a leasehold interest (or part of it), disposing of, or otherwise removing, land and/or buildings forming part of the retirement village scheme (for example, Ancillary Facilities).</i>
5.3 Redevelopment plan under the Retirement Villages Act 1999	Is there an approved redevelopment plan for the village under the Retirement Villages Act? ☐ Yes ☒ No <i>The Retirement Villages Act may require a written redevelopment plan for certain types of redevelopment of the village and this is different to a development approval.
