Village Comparison Document

Retirement Villages Act 1999 (Section 74)

This form is effective from 1 February 2019

Name of village: The Clayfield Retirement Village

Important information for the prospective resident

- The Village Comparison Document gives general information about the retirement village accommodation, facilities and services, including the general costs of moving into, living in and leaving the retirement village. This makes it easier for you to compare retirement villages.
- The Retirement Villages Act 1999 requires a retirement village scheme operator to:
 - provide a copy of the Village Comparison Document to a prospective resident of the retirement village within seven days of receiving a request
 - o include a copy of the Village Comparison Document with any promotional material given to a person, other than through a general distribution (e.g. mail-out)
 - publish the Village Comparison Document on the village's website so that the document, or a link to it appears prominently on each page of the website that contains, or has a link to, marketing material for the village
- You can access a copy of this Village Comparison Document on the village website at https://www.aveo.com.au/communities/the-clayfield/costs/
- All amounts in this document are GST-inclusive, unless stated otherwise where that is permitted by law.

Notice for prospective residents

Before you decide whether to live in a retirement village, you should:

- Seek independent legal advice about the retirement village contract there are different types
 of contracts and they can be complex
- Find out the financial commitments involved in particular, you should understand and consider ingoing costs, ongoing fees and charges (which can increase) and how much it will cost you when you leave the village permanently
- Consider any impacts to any pensions, rate subsidies and rebates you currently receive
- Consider what questions to ask the village manager before signing a contract
- Consider whether retirement village living provides the lifestyle that is right for you. Moving into a retirement village is very different to moving into a new house. It involves buying into a village with communal facilities where usually some of the costs of this lifestyle are deferred until you leave the village. These deferred costs when you leave your unit may be significant.
- Seek further information and advice to help with making a decision that is right for you. Some useful contacts are listed at the end of this document, including:
 - Queensland Retirement Village and Park Advice Service (QRVPAS) which provides free information and legal assistance for residents and prospective residents of retirement villages. See www.caxton.org.au or phone 07 3214 6333.
 - The Queensland Law Society which can provide a list of lawyers who practice retirement village law. See www.gls.com.au or phone: 1300 367 757.

More information

- If you decide to move into a retirement village, the operator will provide you with a Prospective Costs Document for your selected unit, a residence contract and other legal documents.
- By law, you must have a copy of the Village Comparison Document, the Prospective Costs
 Document, the village by-laws, your residence contract and all attachments to your residence
 contract for at least 21 days before you and the operator enter into the residence contract. This
 is to give you time to read these documents carefully and seek professional advice about your
 legal and financial interests. You have the right to waive the 21-day period if you get legal
 advice from a Queensland lawyer about your contract.

The information in this Village Comparison Document is correct as at 28 November 2025 and applies to prospective residents.

Some of the information in this document may not apply to existing residence contracts.

Retirement Villages ⊠ Yes □ No Act 1999 2022 Redevelopment Plan – Reduction of size of village land and construction of residential aged care community by Opal HealthCare The proposed redevelopment involves the reduction in size of the retirement village land and the construction of a residential aged care community within a volumetric lot which was removed from the retirement village land. The scheme operator lodged a plan of subdivision (reconfiguration of a lot) with Titles Queensland. On registration of the plan of subdivision: Lot 20 on SP134912 was cancelled and two new lots were created, Lot 21 (volumetric lot) and Lot 22 on SP320627 (Lot Reconfiguration); Opal HealthCare acquired and intends to construct a residential aged care facility located within volumetric Lot 21 on SP320627 (Lot 21); and the village facilities and accommodation units are located on Lot 22 on SP320627. A building management statement was registered with Titles Queensland, setting out apportionment of costs and responsibility for maintenance between the Operator and the owner of the residential aged care facility land. These costs are not imposed on residents of the retirement village. This redevelopment plan was approved by residents on 30 November 2022.

2024 Redevelopment Plan - Installation of new lift in Brooks building

The redevelopment involves the construction and installation of a second lift in the Brooks building. Works are expected to be completed by approximately May 2026.

This redevelopment plan was approved by residents on 21 November 2024.

The Retirement Villages Act may require a written redevelopment plan for certain types of redevelopment of the village and this is different to a development approval. A redevelopment plan must be approved by the residents of the village (by a special resolution at a residents meeting) or by the Department of Communities, Housing and Digital Economy.

Note: see notice at end of document regarding inspection of the development approval documents.
