

Support at Home Price List

Effective – 1 November 2025

About Support at Home

From 1 November 2025, the Australian Government's new **Support at Home** program will replace the existing Home Care Package program. This initiative is designed to simplify access to care and support services and improve outcomes for older Australians to empower you to live independently for longer.

As a registered Support at Home provider, **Aveo** is here to guide you through every step of the way — from understanding your options and securing funding, to coordinating care and support services tailored to your lifestyle and needs.

To help make services more accessible, the program includes ongoing support services consisting of **three participant contribution categories**, each with associated pricing. These categories determine how much you may be expected to contribute toward your care.

Care Management Fees

Care Management applies to all participants in the Support at Home program. At Aveo, you'll be assigned your own Care Partner – a dedicated advocate embedded in your community who will work with you to handle every aspect of your care and support from day one.

Your care partner will do the following:

- Get to know you and your daily life
- Provide tailored advice around your care needs
- Help you understand all your options
- Facilitate your connection with My Aged Care
- Arrange and guide you through the IAT assessment
- Confirm your package funding

At Aveo, even after your plan is in place, you're never on your own. Your Care Partner checks in regularly, listens for any changes in your situation, and adjusts your support so it always fits your needs.

To pay for this service, **Services Australia deducts a 10% Care Management Fee of your quarterly Support at Home budget**. This fee covers planning, check-ins and service coordination and is recovered by Aveo from Services Australia by providing evidence of the Care Management hours we deliver – so you never have to worry about any out-of-pocket costs or co-contributions charged directly to you as our client for this service.

Aveo Care Management Fee is as follows:

Care Management Fee	\$165.00 p/h	Restorative Care Management Fee	\$180.00 p/h
---------------------	--------------	---------------------------------	--------------

Where care services are delivered by an external provider, a 3% administration fee may be applied to the total cost of the service.

Prices are exclusive of GST and listed per unit of time as set out below. Service visits will be charged in 15-minute increments calculated at the hourly rate.

Depending on your individual needs, we may need to charge a price that is different to our price list. In this case, we will discuss this with you and agree a price in writing.

Please note: Pricing is current as of October 2025 and may be subject to change as further guidance is provided by the Government.
